
AUSTRALIA AND NEW ZEALAND EDUCATION LAW ASSOCIATION

CALL FOR PRESENTERS

ANZELA Conference 2021 - Hobart
27 & 28 September 2021

The Recovery: What does education look like in a post pandemic world?

**You are invited to present at the annual conference of the
Australia and New Zealand Education Law Association**

During 2020 (and into 2021), Australia and New Zealand experienced some of the harshest lock-down conditions to help combat the Co-Vid19 pandemic that was sweeping the world. This saw the closure of many schools and no doubt impacted the lives of our ANZELA members.

We are keen to hear your stories with presentations (and/or papers) about how Co-Vid19 impacted the educational law sector, including your insights, learnings or changes to the sector that may have occurred.

Presentations that are relevant to the conference theme are welcomed
